Lindbergh: His Last Tail-Spin
Arm First; Debate Afterward

The personal history of Col. Charles A. Lindbergh, who today resigned from the U. S. Army Air Corps Reserve after being deservedly rebuked by President Roosevelt for making a series of speeches attacking our foreign policy, resembles the personal history of some other well-known Americans who from time to time have chosen to leave their particular field of industry or business for an excursion into world affairs.

In the last World War Henry Ford, an expert in the business of making automobiles, ventured out on the troubled waters of world diplomacy with his ill-fated "Peace Ship." Somebody had "sold" him on the slogan: "Get the boys out of the trenches by Christmas."

Lindbergh, had he chosen to, might have been guided by the older man's experience. Henry Ford today is turning out munitions—and he has relegated to the realm of "crack-pots" the friends of his youth who professed to believe that there is any other answer but a gun to a foreign nation

British Making Successful Get-Away After Balkan Campaign

By the Associated Press

Adolf Hitler's swastika flag of conquest flew over the ancient Acropolis in Athens, birthplace of the world's first democracy, while two German columns drove south across the Peloponnese Monday in pursuit of retreating BEF troops.

Australian Army Minister Percy Spender said the withdrawal of British imperial forces by sea was underway, and declared:

"As far as this has proceeded it has been successful."

Berlin reports said Nazi tank divisions were blasting at British troop concentrations and speeding the last of the BEF contingent toward a new Dunkerque.

Nazi Bombers at Work

Hitler's high command said the Luftwaffe violently strafed British and Greek columns in the Argos-Tripolis area in the heart of the Peloponnese.

This would indicate that the Allies so far have fallen back half way across

Merchants to Meet Monday

Will Make Plans to Participate in Food Plan

Merchants from all over Hempstead county will convene at the Hope city hall Monday night at 7:30 to form plans to participate in the food stamp plan.

At this meeting full details will be explained and identification cards will be given out to merchants who have contributed to the fund to buy the cards.

Each person eligible to buy stamps will be notified by letter next week and each retail food merchant who expects to take food stamps must first be certified by the Surplus Commodities Administration before he can cash them.

The plan will be officially inaugurated in Hempstead county, Thursday, May 1.

3 Changes on Police Force Are Announced

Council Committees Are Announced By Mayor Graves

Three changes in the Hope police department personnel was announced Monday by Chief of Police F. V. Haynie.

W. L. Tate, Elbert May, Jr., and Iverson Pritchett, have been added to the force, replacing officers Leo Compton, F. B. Ward and Joe Morton.

Other members of the old force, John Turner, Allen Shipp and J. W. Jones will be retained by the department, Chief Haynie said.

The new officers will go on duty May 1.

School Faculty for New Year Is Announced

Grammar, High School Teachers Announced by Miss Beryl Henry

Miss Beryl Henry, superintendent of schools, announced Monday that at the last meeting of the Board of Directors of the Hope School District the following teachers for the white schools were elected for the term 1941-42:

J. H. Jones, principal; R. E. Jackson, vocational agriculture; Miss Ruth Taylor, home economics; Elbert Davis, science; Paul H. Power, mathematics; Miss Mary Droke, English, French and Spanish; Miss Mildred Freeman, English; Dolphus Whitten, social science; Mrs. R. P. Bowen, Latin and English.

W. R. Brasher, civics and health, assistant coach; Miss Marian Hilton, commercial; Mrs. Sara Payton, American history; Mrs. Irma Dean, book-keeping and junior mathematics; Mrs. Frank Mason, librarian; Mrs. Roy Allison, social science; Miss Ernestine Watkins, junior English; Foy H. Hammons, coach.

Italian Stronghold in Ethiopia Captured

NAIROBA, Kenya Colony (AP)—The fall of Dessie, Italian stronghold in Ethiopia, was announced officially Monday.

British South African forces last Thursday reported they had routed Italian defenders from mountain barracks before the stronghold in the fiercest battle of the East African campaign.

Police Catch Robber in Act

Arrested While Attempting to Pry Open Safe

The Hope police department announced Monday the arrest of Sydney Woolsey, 32, of Nashville, Tenn., when he was caught in the act of attempting to rob a safe in the Porterfield Liquor Store on East Second street early Monday morning.

Woolsey gained entrance to the store through the back door and was caught and arrested by Officer Allen Shipp, assisted by Officers Ward and Motion. Investigation showed the knob of the safe had been pried off with a shotgun, owned by Mr. Porterfield.

Woolsey was given a preliminary hearing in municipal court Monday morning and bound over to the grand jury. Bond was fixed at \$250.

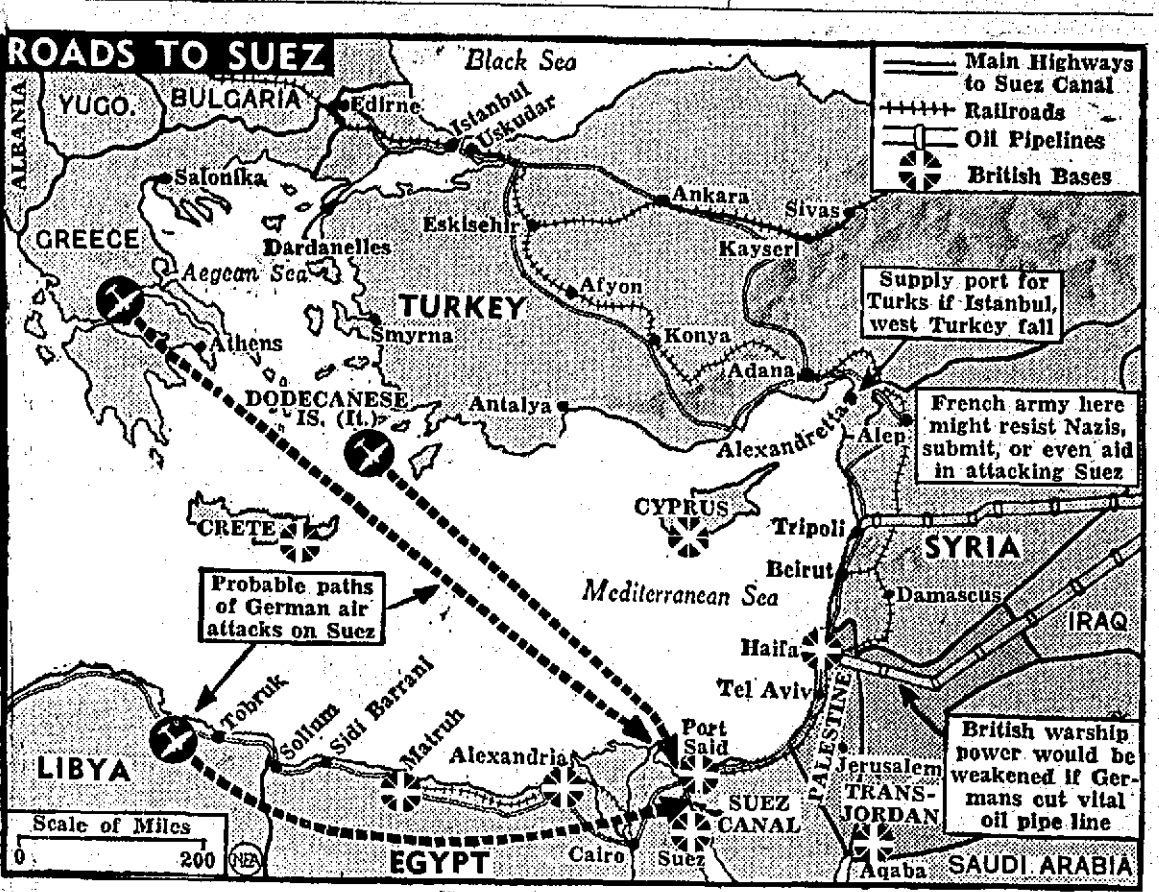

The police also announced that Willie Davis, negro, was arrested over the week-end while attempting to enter the Elmore Auto Store through the sky-light. The negro was released to county officials and charged with attempted robbery.

Mountain Thieves Get Heavy Loot

COLORADO SPRINGS, Colo. (AP)—Colorado Springs learned just in time that the city-owned railroad was being stolen.

Connecting the city with its utilities plants, the road has been used infrequently. So when Fred Riley, electric division superintendent learned a particularly heavy piece of equipment would have to be moved over the track he decided to inspect it.

He found that thieves, apparently working each night, had removed a number of 30-foot rails, weighing 650 pounds each, and had sold some of them to a junk dealer.

Last Call for Machine Class

Auto-Truck-Tractor School Must Start May 1

A last-minute appeal for all available young men to enroll in a local National Defense class-in-auto, truck and tractor mechanics before Thursday, May 1, was made Monday by Miss Beryl Henry, superintendent of Hope Public Schools.

R. E. Jackson, high school vocational instructor, is instrumental in the program but all desiring to take this training must enroll at the Arkansas Employment Office, Walnut and Second streets.

Anyone between the ages of 17 and 25, inclusive, is eligible.

Classes will be held at night, totaling 15 hours a week.

All classes in National Defense training must be organized before May 1, Miss Henry pointed out, and it is imperative that young men seize this last chance to enroll. The National Guard and the Selective Service have taken away a large number of local men, but the National Defense training class offers an excellent opportunity for boys and men still here to get worth-while instruction, she concluded.

Free French Mass Troops

Take Up Positions on French Somali-land Border

VICHY (AP)—The French government Monday announced receipt of information that De Gaulle's ("Free French") forces supported by British mechanized units were massed along the southern border of French Somaliland, East Africa.

The announcement said the colonial ministry had given necessary instructions to the governor of the French possession to prevent it from going over to the DeGaullists.

The DeGaullist troops were said to be concentrated at Daouaneh, just within French Somaliland, and a station on the railway which runs from Addis Ababa, capital of Ethiopia, to Jibuti, French Somaliland, port of the Gulf of Aden.

Still other followers of Gen. Charles DeGaulle were said to have disembarked at Zetia.

Resigns After FDR's Charge of 'Appeaser'

Ex-Air Corps Reserve Colonel Defends His Right to Speak

NEW YORK (AP)—Col. Charles A. Lindbergh "greatly disturbed" at implications which he said, President Roosevelt had made "concerning my loyalty to my country." Monday made public a letter to the president resigning his commission in the U. S. Army Air Corps Reserve.

In his letter the flier referred to remarks made by President Roosevelt at a press conference last Friday in which the president, classed Col. Lindbergh—with apparent good cause—during the Revolutionary and Civil wars on the grounds that those conflicts could not be won.

Claimed Right to Speak

Col. Lindbergh said the remarks had "disturbed me greatly" and that he had "hoped that I might exercise my right as an American citizen to place my viewpoint before the people of my country in time of peace without giving up the privilege of serving my country as an air corps officer in the event of war."

In a speech in New York last Wednesday night Lindbergh said: "The United States can not win this war for England regardless of how much assistance we extend." He has repeatedly asserted Germany was almost certain to win and has criticized American foreign policy.

Lindbergh's letter to the president said Mr. Roosevelt "had clearly implied I am no longer of use to this country as a reserve officer and in view of other implications that you have made concerning my loyalty to my country, my observations say, most of my countrymen are not satisfied with your administration and are not willing to tender my resignation."

Expresses Regret

"I take this action with the utmost regret, for my relationship with the Air Corps is one of the things that has meant most to me in life. I place it second only to my right as a citizen to speak freely to my fellow countrymen and to discuss with them the issues of war and peace which confront our nation in this crisis." "I will continue to serve my country to the best of my ability as a private citizen."

Negro Upheld in Pullman Case

Railroad Must Furnish Accommodations Equal to Whites'

WASHINGTON (AP)—The Supreme court held Monday that negroes traveling from one state to another are entitled to railroad accommodations equal to those furnished white persons.

Chief Justice Hughes delivered the decision on a test case brought by Ray Arthur Mitchell, D. Ill., the only negro member of congress. No dissent was announced.

Mitchell contended that he had been "forcibly ejected" from a pullman in Arkansas while traveling from Chicago to Hot Springs in 1937 and had been compelled to complete the journey "in a Jim Crow car with second-class accommodations."

"This," Hughes asserted, "was manifestly a discrimination against him in the course of his interstate journey and admittedly that discrimination was based solely upon the fact that he was a negro."

"The question whether this was a discrimination forbidden by the interstate commerce act is not a question of segregation but one of equality of treatment. The denial to appellant (Mitchell) of equality of accommodations because of his race would be an invasion of a fundamental individual right which is guaranteed against state action by the 14th amendment, and in view of the nature of the right and of our constitutional policy it can not be maintained that the discrimination as it was alleged was not essentially unjust."

Music Week Proclamation

WHEREAS, The first week of May will be observed throughout the nation as the nineteenth National Music Week, and

WHEREAS, Music, the most universally appreciated of the finer arts, is one language through which people can best express and advance their common aspirations and promote the spirit of amity in their dealings with one another, and

WHEREAS, In our efforts to promote the commercial growth and prosperity of the City, we may forget the value of this art in the life of our community,

Now, THEREFORE, I, Albert Graves, by virtue of the power vested in me as Mayor of the City of Hope do hereby proclaim May 4-May 11 as music week in Hope, and urge our citizens to take advantage of the opportunities furnished by the local organizations and participates in the enjoyment of the special musical programs offered by them during music week.

In witness whereof, I have hereunto set my hand and affixed the official seal of the City of Hope this 28th day of April A. D., 1941.

To Increase C. of C. Income

Membership Drive to Begin to Raise \$5,000

This week has been set aside by the budget committee of the Hope Chamber of Commerce as membership week and a drive will get underway immediately to increase the operating income of the organization to \$5,000 per year. R. P. Bowen, secretary, announced Monday.

The Chamber released the following appeal from Guy E. Basye, president of the organization:

"One of the things the Board of Directors of the Hope Chamber of Commerce voted to do the first of this year was to increase the operating income of the organization to \$5,000 a year, since it requires that amount to carry on the work efficiently."

"The Chairman of the Budget Committee, C. C. Spragins, has set this week as the time to do this, and I wish to urge every member of the Board of Directors to support Mr. Spragins by calling on every prospect assigned to him and on any other citizen of Hope who should support the Chamber of Commerce, and asking him to take one or more memberships."

"The Chamber of Commerce is operated for the benefit of every individual, firm and corporation in Hope and everyone who can should make a contribution to the expense of operation, in proportion to his or her ability. The minimum membership is \$12 a year or less than 5 cents a day, however, many firms are now giving several times this amount."

"Every city, county, state and federal employee should help bear this expense, since their salaries are being paid by the men who support the Chamber of Commerce. In many instances, these public servants receive more salary than many of the business-men who contribute."

"I am proud of the work that has been done by the Chamber of Commerce and want to urge every person in Hope who can, to take one or more memberships."

Real Co-operation Begins

Everywhere you look today you see signs that people are beginning to take the defense emergency seriously. It's about time, too.

The entire motor industry has willingly accepted an initial 20 per cent reduction in production of motor vehicles for the model year which begins Aug. 1, and is either reducing or eliminating model changes entirely. That means more man-power, more machines, more materials, facilities and management for the defense load.

All manufacturers of brass pipe are

discontinuing production of yellow brass pipe and are making red brass pipe instead. Just as good for most purposes. Why? Red brass contains only 15 per cent of zinc; yellow brass 30 or 40. Extra zinc thus made available for defense equals 25,000,000 pounds of cartridge brass.

This sort of thing is going on all through industry in an increasing wave. And in the meantime, labor, too, seems to be settling down. Co-director Sidney Hillman of the Office of Production Management believes that strikes in defense industries are dwindling, and that "labor is becoming increasingly aware of the need for co-operation."

In the meantime taxpayers (and that is practically everybody these days) are way ahead of congress in their willingness to bear the money burden in proportion to ability. If there was ever a time in history when the prospect of drastic new taxes was faced so calmly, we don't remember it.

As the German legions pound southward in the last act of the Greek tragedy, and as the Japanese invaders draw tighter the stranglehold they have on China, more Americans every day begin to think what ultimate success of these adventures means to them. Both have given ample proof that their aims go far beyond re-adjustment of local boundaries.

They have made the world a place in which only the strong can hope to preserve their rights, their living space, their way of life. And Europe has added the lesson that none is strong enough to fight alone.

Industry, labor, and sailor, man and woman, America is beginning to fall in to step in a marching cadence which means strength, the only safety for the future.

Dear Diary: 'I Ate Eight Hours Today'

ITHACA, N. Y., (AP)—A cow's diary (not dairy) can be revealing, according to Keith Kennedy, of Vancouver, Washington, who went down to the pasture with beef cows night and day for a while. He took notes on one cow particularly, an Aberdeen-Angus

with a noble pedigree. A day in her diary goes like this:
Beauty sleep or rest: 12 hours stretched out.
Exercise: Four hours either walking or standing.
Eating: Eight hours for grazing. That was all—even though she was in wild white clover and excellent Kentucky bluegrass.
Favorite food: Tender grass and clover herbage four to five inches high.

Sunday Tea Honors Prominent Little Rock Visitor

Honoring Right Reverend R. Bland Mitchell, D. D. Episcopal Bishop of Arkansas in informal tea was held on Sunday afternoon from three to five o'clock at the John D. Barlow home on North Pine St. The entire lower floor of the handsome home was beautifully decorated with graceful arrangements of lovely spring flowers. Receiving the guests were Mr. Barlow, his sisters, Mrs. Elizabeth Pritchard and Mrs. Frank Howson, Rev. Harry Wintermeyer, rector of Saint Marks and the ladies of the Womens Auxiliary. The guests were presented to the Bishop, and following a period of pleasant conversation, a tour of this newly decorated home was made, after which the honoree and guests were invited into the dining room, which was made festive for the occasion with a lace covered table, centered with a large crystal bowl of exquisite lilies, shading from light lavender to deepest purple. The dainty confections furthered the pastel shades of Spring. Miss Maggie Bell, president of the Womens Auxiliary poured tea from a handsome silver service. Dispensing

hospitably in the dining room were the ladies of the Womens Auxiliary.

'Everything Turns on Battle of Atlantic' - Churchill

This one picture tells the whole story of Britain's hope for survival... or, in the latest words of Winston Churchill, "everything turns upon the battle of the Atlantic." A big gun on a destroyer is shown guarding precious cargoes nearing England in convoy.

Board Fails in Coal Strike

Southern Group Rejects Plan for Settlement

WASHINGTON—(AP)—The Defense Mediation Board's efforts to settle the coal mine stoppage collapsed Sunday and board officials said it planned no further action.

W. H. Davis, chairman of the panel which considered the dispute, said it had recommended unanimously that President Roosevelt's proposal for reopening the mines be accepted.

This recommendation was accepted by the United Mine Workers (C. I. O.) and the Northern bituminous coal operators, Davis said, but rejected by the Southern operators. Davis said "There is no further step for the Mediation Board to take."

Asked what further government action was in order, Davis replied: "I don't find anything in the executive order creating this board on the subject."

The negotiations, which started here Friday, apparently collapsed over Southern operators' insistence on retention of the North-South wage differential, principal point in dispute.

Shortly before Davis announced collapse of the board's effort, Edward F. Jones, who had been retained by Southern operators last week as public relations advisor and who said he still spoke for them, handed typewritten statements to reporters outside the conference room outlining three proposals purportedly advanced by the Northmen and rejected by the South.

None of the three included elimination of the differential in favor of the South.

No sooner had Jones made public his statement, however, than Davis summoned him into the conference room. After several minutes' discussion in private, Davis ordered Jones from the building and forbade him to return without permission and it was announced Jones' employment by the Southern operators had terminated Saturday.

Reports from Greece indicated about 400,000 tons of British ships were damaged in the last two weeks in addition to 287,000 tons reported destroyed.

"British losses in this action will far exceed those at Dunkerque," a military commentator said.

There is no estimate of British loss of life at this time, authorized circles said.

Local Band Wins Honors

Participate in State Contest at Hot Springs

The High School Band returned early Sunday morning from Hot Springs after participating in the annual state band contest. It was a weary and footsore, but happy group that stepped off the buses at 1:00 a. m. to be met by an equally enthusiastic group of parents. After two strenuous days of competition during which time they faced many fine bands and heard some wonderful music, they were still of the opinion that the Hope Band is the best of its class in the state.

Superior ratings were awarded the band in the concert contest, also in the sight reading. Jud Martindale won Superior rating in snare drum as did Thomas Kinser in student conducting. The clarinet quartet also took a Superior rating. In marching the band rated second division as did Jack Crank and John Paul Sanders in their respective solos. Dorothy Henry, drum major, in her first year of competition came through with second division. The Junior Twirling Ensemble placed second division in Class D. Third division ratings went to Kenneth Crank and Clifford Franks, soloists, and the Senior Twirling Ensemble.

County Refund Act Held Void

Supreme Court Rules Against Hollensworth Act

LITTLE ROCK—(AP)—The 1941 Hollensworth act authorizing counties to refund more than one million dollars worth of outstanding warrants against the highway turnback fund was held unconstitutional by the supreme court Monday.

The high tribunal ruled that the measure sponsored by a group of county judges was in violation of Amendment 20 to the constitution prohibiting the state from issuing bonds or other evidences of indebtedness pledging the faith and credit of the state or any of its revenue for any purpose.
